

1 WHAT IT IS

WAssup Community Services is working to place 108 portable JBL PartyBox On-The-Go 2 Plus speaker systems, each with two wireless microphones, with youth, community and Aboriginal organisations across Western Australia.

These speakers can be used for youth programs, community events, cultural activities, workshops, sport, music, gatherings and anything else that helps bring people together.

It isn't just a speaker. It's a portable community space.

2 WHY A SPEAKER?

MUSIC — activities, dance and entertainment

VOICE — microphones for workshops, meetings and events

CULTURE — community and cultural activities

CONNECTION — one practical asset with dozens of possible uses

3 ABOUT THE SPEAKER

The JBL PartyBox On-The-Go 2 Plus is a portable speaker system with two wireless microphones, designed for powerful sound, easy setup and community use.

4 PROOF THAT IT WORKS

The concept was first demonstrated through speaker deliveries to:

FITZROY CROSSING • DENMARK • NORTHAM

Those first deliveries proved the concept. Now the 108 Speakers Program is taking it further.

5 HELP FUND THE NEXT SPEAKER

DONATE DIRECTLY

Every dollar helps put a speaker in the hands of a community that will use it and treasure it.

DONATE YOUR 10c CONTAINERS

Your empties can help create real community impact.

Containers for Change
Scheme ID: **C11616901**

EVERY DONATION — WHETHER IT'S \$5, \$50 OR A BAG OF 10c CONTAINERS—MOVES ANOTHER COMMUNITY CLOSER TO ITS SPEAKER.

6 COULD YOUR COMMUNITY USE ONE?

If you represent a youth service, Aboriginal organisation, community group, CRC or other community organisation in WA, we'd like to hear from you.
